Course Information

This qualification describes the skills and knowledge for general vocational job roles in the amenity horticulture industry. Individuals with this qualification perform tasks under broad supervision involving a broad range of skills that are applied in a wide variety of contexts, which will involve discretion and judgement in selecting and operating equipment, coordinating resources and applying contingency measures during work. This qualification would be suitable for a person who has limited or minimal exposure to the amenity horticulture industry or is seeking employment in or upskilling themselves in various leading hand and tradesperson-type roles.

What does the course cover?

By pursuing this qualification, you will learn industry skills such as

- Plant identification, propagation and general plant care
- Pest, weed and disease management, including safe chemical use
- Soil, turf and irrigation system maintenance
- Safe use of horticulture tools, equipment and machinery
- Specialist amenity pruning

Why Choose DP Training

DP Training forges partnerships Australia wide to provide high quality, accessible training and education programs in specific areas of the Vocational Education and Training (VET) sector to persons wanting to enter the workforce, to individuals wanting to retrain and continually upskill and to employers wanting to improve existing workers' skills.

When you choose DP Training you choose career growth, stability, and success!
